The Niagara Historical Society has been collecting and interpreting the history of Niagara-on-the-Lake for over 100 years. Niagara-on-the-Lake is Ontario’s only National Historic District. Let us tell you why it is so important to Canada’s story.

Let your tour groups experience Niagara in a unique way while enjoying the beauty of this historic town.

Our trained tour guides will take you on a walk through history to explore the first capital of Upper Canada and the place they call home.

Our Tour Guides

Niagara Historical Museum walking tour guides are all dedicated volunteers. Some of them have lived in Niagara-on-the-Lake for many years while others are newer to the town. Each of them has had their own unique experience in Niagara and can add their own personal touches to their tour.

What we offer

We are able to cater our walking tours to your group’s wants and needs. If you are most interested in aspects of the War of 1812, for example, we can arrange to have our tour guides put emphasis on this area. Here are some possible areas of interest:

- War of 1812
- Black History
- Architecture
- A Walk down Queen Street
- General History of Niagara-on-the-Lake

At the same time, we are able to vary the length or distance of your tour depending on the audience and the tour can start and end at various locations. For example, if you would like to start at another attraction in town, the guide can meet you there and then end the tour at a restaurant for lunch.

If walking the town does not interest your group, tours of the Museum can also be arranged. These are given by the Curator and can also be adjusted to fit the interests of the group. The Museum features a permanent gallery which explores a chronological history of Niagara-on-the-Lake, as well as temporary exhibits that change a couple times each year. This is one of Ontario’s best historical collections.

The Museum also features a great book selection in the gift shop for those who are interested in further exploring the history of Niagara.
